Morphology The head is massive with the light gray orb about 2.5 inches in diameter. The mass has large tentacles that cover the cheeks and forehead. The tentacles have many tiny bumps that move. The tentacle ends in a spike that hurts when touched. The tentacles end in a point that is hollow and can be used to hear things, are electrically charged, or as an antennae. The bottom half of the monster has the form of a blue foot. It has no tentacles on the face and two thrusters that are used for propulsion. Behavior The creature is a passive observer of what goes on around it. It does not attack and is not aggressive towards anything. The weirdest thing about the creature is that it seems to be able to communicate with other beings by means of the tentacles. It will hold it's tentacles near some being and they will all react the same way. How Can This Creature Be Killed? The first thing you need to do is to get
